## Wedding Prep Packages

Whether you're walking down the aisle or standing proudly beside your loved one, our Bridal and Mother of the Bride/Groom (MOB/G) packages are designed to help you feel radiant, confident, and flawless for the big day.

### Bespoke Skin & Aesthetic Journeys

No two skin journeys are the same — and neither are our packages. Every plan is completely bespoke, built around your individual skin goals, timeline, and preferences. We begin with a consultation to assess your skin health, structure, and aesthetic desires, and design a plan that works in harmony with your lifestyle and event schedule.

#### We offer packages over:

- 12 months – Full transformation journey
- 6 months – Skin-focused glow-up
- 3 months – Event-ready skin refresh

Shorter plans focus more on skin clarity and radiance, while longer plans can address structure, volume, and deeper rejuvenation.

### Consultation-Based Pricing

All wedding packages are priced individually following consultation, based on the treatments included and the timeframe. This ensures you only pay for what you need — and get the most from your investment.

We also offer Interest-free payment plans available on request
